

Automotive Service Association®

2016 Government Affairs Committee

The Automotive Service Association's Government Affairs Committee serves in an advisory capacity to the ASA board of directors to assist in the development of legislative policy guidelines. Members of the committee are from both the mechanical and collision divisions of the association.

Help Support the ASA Political Action Committee (PAC)

ASA continually monitors legislative activity that directly affects ASA members. To ensure a strong independent repair industry for the future, ASA members are encouraged to participate in the political process. The ASA PAC is designed to accept donations from ASA members only. After receiving donations, the PAC will then make donations on behalf of ASA to support the election of legislators who philosophically align with our organization's goals and objectives. For information on the PAC and to download the PAC permission and solicitation forms, visit ASA's legislative website, www.TakingTheHill.com.
